Uolo Weekly Error Trend (PT-BR)
Week Ending 4/8/2022

Based on our random audits, we have identified the following error trends. The purpose of releasing this is to provide some examples that most raters are missing for a certain week and how to approach it moving forward. If you have received a quality notice for the week, we hope that these examples will help you improve in your primary area of misunderstanding.
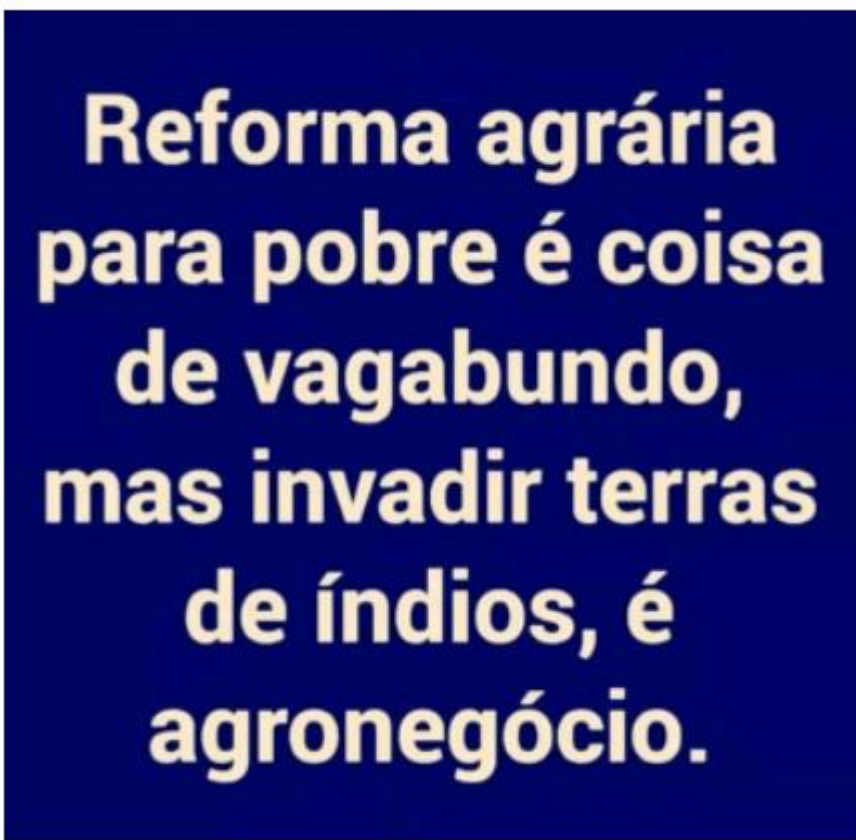

Top Error 1: *Photo jobs with no claims*

Example 1

Common Rating Misunderstanding	No Evidence
Acceptable Rating	No Claim

- **Common Rater Labeling:** Based on the examples above, many raters are labeling this post as **"No Evidence"** when there are no falsifiable statements.
- **Central Claim:** No Central claim
- **Tips/Reasoning and Things to Watch out for:** In the example above, the image does not show any potential misinformation, just the inside of a full fridge. This post is purely political opinion and speculative.
- **Acceptable Final Evaluation:** Because there is no central claim suitable for evaluation, the post is appropriately labeled as "No Claim"

Example 2
